Hi Elizabeth and Jared,

It sounds like Elizabeth has two different “Lower” San Pedro River items on her desk at the moment. One is a pending in lieu fee project site proposed NE of Tucson near Dudleyville ([https://ribits.usace.army.mil/ribits\\_apex/f?p=107:10:34148132643541::NO::P10\\_BANK\\_ID:4347](https://ribits.usace.army.mil/ribits_apex/f?p=107:10:34148132643541::NO::P10_BANK_ID:4347)). The other is an ongoing proposed development from 2004 that was planned SE of Tucson, in an area SW of Benson that will impact a large swath of ephemeral streams that feed directly into the San Pedro just downstream of the pending monsoon - e. coli investigation (<http://www.spl.usace.army.mil/Portals/17/Users/032/24/1824/SPL-2003-00826-Vigneto-PN.pdf?ver=2017-10-04-181425-427>).

Jared,

## Ex. 5 - Deliberative Process

Elizabeth,

Here are the items we discussed that Jared, ADEQ, and I are working on in that watershed:

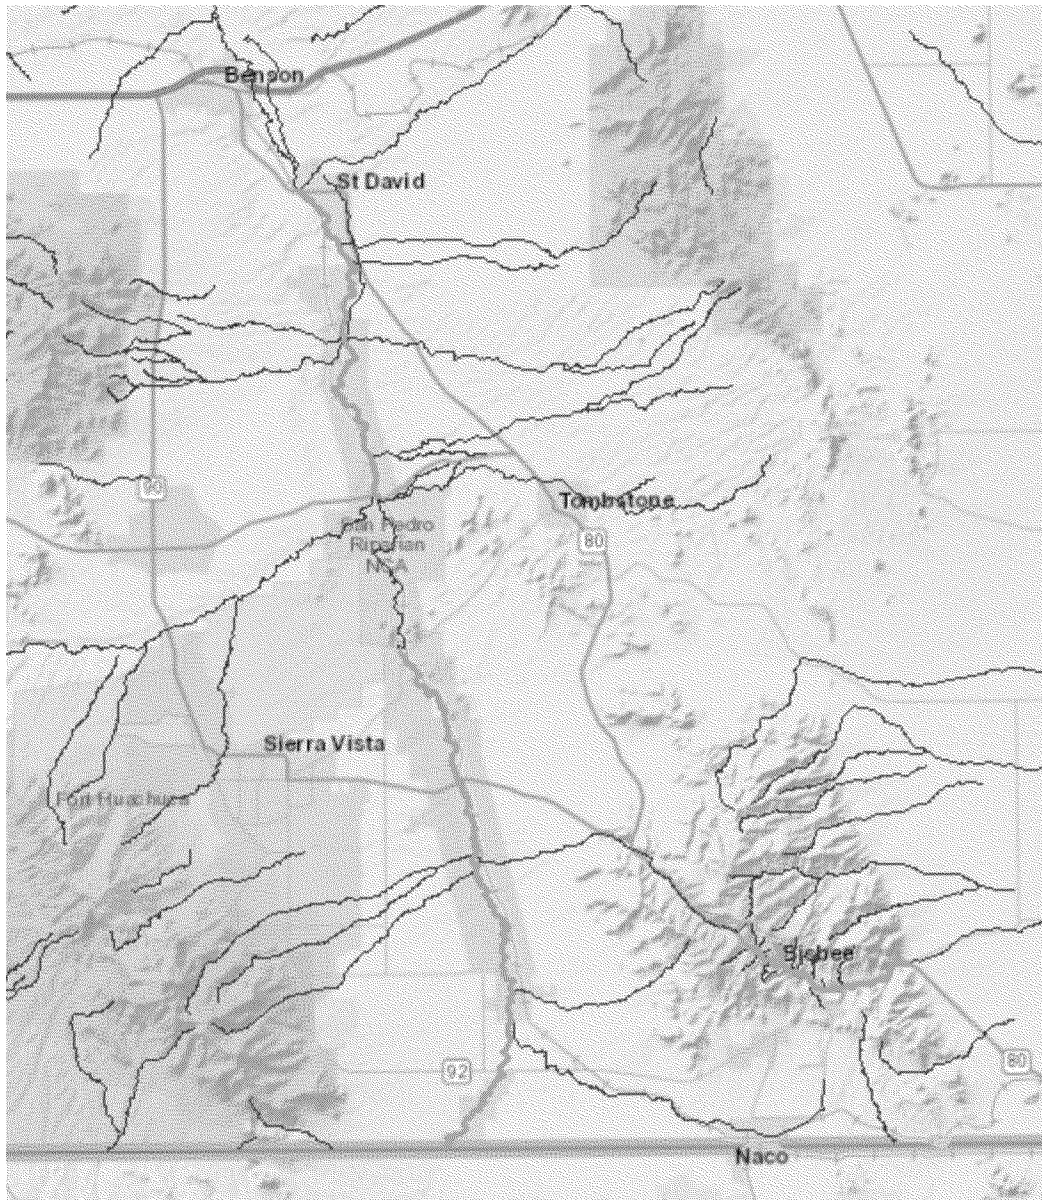

- Clean Water Plan (formerly called WIP - TMDL + 319)

<http://azdeq.gov/node/665>

- “Upper” San Pedro River Clean Water Plan

<http://azdeq.gov/node/675>

Where these CWP actions are:

Thank You,

Matt
